TWO RAFFLES

We currently have an Easter raffle running with tickets at \$1 each. Tickets are available at the studio or at Gloucester Town and Country Store in Denison Street.

1st Prize-\$50 IGA gift card.
2nd Prize—Easter Hamper.
3rd Prize—a beautiful knitted blanket.

This will be drawn on Easter Saturday at the Community Markets.

We also have a major raffle. Tickets are available at Avon River Computer Service, Gloucester Information Centre, Gloucester Health Foods, The Gloucester Gallery, and Addison Partners, or at the Bucketts Radio

Studio. The prize is pictured. It's a Samsung Galaxy Tab2 10.1 Silver 16G WiFi Tablet worth about \$500 retail. Tickets are \$2 each. The Raffle will be drawn at the Community Markets on Saturday 8th June 2013.

Money for these raffles will help us to pay our rent, bills and fees.

SOUNDPROOFING

Unfortunately things have not gone to plan with soundproofing our studio and we have had to re-think and adjust plans.

We are now going ahead with a modified and more temporary solution.

HISTORY TODAY EXPANSION

We have plans to expand

and improve the History Today programme. History Today is produced by Bruce O'Connor and Robyn Budge but we need more people involved. If you are interested in contributing, please see contact the station.

History Today airs Tuesday 12.30-1pm and repeated on Thursday 6.30-7.00pm.

WORK EXPERIENCE

Bucketts Radio is hosting 2 work experience students from Gloucester High School. We hope that Jasper and Byron have a great time at Bucketts Radio learning about all aspect of running a community radio station. Make sure you listen-in to hear them on-air during their placement, April 2nd to 12th.

Pie Drive

Bucketts Radio will be holding a pie drive in late April so come and see us after Easter to put in your order for some tasty family pies.

Transmission Tower

We are still looking for a suitable spot to place our transmission tower so we can broadcast to more of the Gloucester area.

Do you have a high point on your property that is accessible by car and is either connected to power or is not too far from the power supply?

The position needs to be out of town away from residences.

If you have or know of the perfect spot, please contact us at Bucketts Radio.
