Gloucester Broadcasters Association Inc.  
INC9883631 ABN 78 448 500 405

G'day and thanks for tuning in to **104.1FM Bucketts Radio**.

If you haven't seen our studios yet, why not drop in and say hi. Maybe you have skills that we need. If your adept at talking into a microphone computers, administration, electrical or carpentry work or can make a great cuppa. **We could definitely use your skills.**

We have seen some **major improvements** over the past 18 months. The on-air studios have been soundproofed to reduce any outside noise. New carpet has been laid in reception, studio and production studio through donations from Ann & Steve Williams, Furniture One Gloucester, and Bunnings Taree. Bucketts Radio now broadcasts from a brand new broadcast console which we acquired through the CBF Small Equipment Grant. We purchased the broadcast desk through Elan Audio in Western Australia. We thank Elan Audio for a generous discount which meant we didn't have to find additional funds.

It is our desire to **grow substantially in 2014/15**. We are currently exploring options to start broadcasting from a mountain top. This will greatly improve our signal in Gloucester and will take our signal to the majority of our district. We'll need an injection of funds to make this happen and although there is funding available, we still need community involvement. The continued operational costs is the main difficulty, with on-going rent and electricity costs. So we are looking at alternative power, solar & wind, to operate the transmitter site. We would value any assistance from people with expertise in this area. If you or your organisation can contribute to this please contact the station on **6558 2400 or Shayne 0427 632 482**.
